Note 2. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

Reedy Lagoon Corporation Limited
Notes to the financial statements
31 December 2022

Note 2. Significant accounting policies (continued)

Going concern

The financial report has been prepared on a going concern basis.

As at 31 December 2022, the consolidated entity had cash and cash equivalents of \$329,562 and incurred net operating cash outflows of \$331,657 for the six month period ended on that date. These \$331,657 outflows include exploration expenditure of \$74,075. The Company estimates expenditure of \$362,930 for overheads including wages and listing fees for the 12 month period following the date of this report.

The directors consider the existing cash reserves are sufficient for the group to continue as a going concern. The Company plans to fund continued exploration on its existing projects through joint venture under project farm out agreements or by raising capital by issuing securities.

At the date of this report no joint venture farm out agreement had been entered into for any project. Should such funding sources not be obtained and the Company be unable to raise capital by issuing shares, the group may be unable to continue as a going concern, and as such be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in this financial report. It is noted that the Company's exploration projects are carried for accounting purposes at nil value so that should the projects be discontinued there would be no adjustment to the value of the Company's assets. However should the Company discontinue all its exploration projects, a fundamental change in the basis of accounting would be required compared to the basis upon which these financial statements have been prepared. This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessarily incurred should the group not be able to continue as a going concern.

Note 3. Operating segments

Identification of reportable operating segments

The Company is organised into one operating segments: mineral exploration. This operating segment is based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

* Payment in respect of prior period

Directors agreed to not receive or be entitled to receive portions of their contracted remuneration for the period 1 March 2022 to 31 December 2022 on the basis that amounts not receivable during the period would become payable if and only if (1) the board agreed to make payment; (2) the Company is solvent at the time of payment; and (3) the Company would remain solvent after payment.

This was agreed by the directors in order to reduce overheads, increase available funding for exploration and preserve cash pending raising additional funds through issuing shares. At 31 December 2022 the amount not paid totalled \$110,583.

The directors proposed at the annual general meeting held on 25 November 2022 ("AGM") that some or all of these conditional payments become payable, but only on the further condition that any amounts paid (after allowing for tax on such amounts which the director may request be paid free of this further condition) would be applied by the directors to subscribe for new fully paid ordinary shares in the Company ("Shares") at an issue price equal to the 5 day VWAP on the day prior to issue ("the Scheme"). Under the Scheme any amount paid to a director (other than amounts in respect of tax requested by that director to be free of the subscription requirement) would be returned to the Company as new share capital issued at market.

Shareholders approved the Scheme at the AGM, each of the directors elected to receive the payment under the Scheme and subscribed \$110,583 for 9,292,689 fully paid shares in RLC at market (\$0.011) on the 5 December 2022.

Accordingly the "increase" in payments to directors is a payment in respect of payments not made in respect of prior periods. There has been no increase in remuneration rates to directors in the relevant period.

Independent Auditor's Review Report

To the members of Reedy Lagoon Corporation Limited

Report on the Half-year Financial Report

Conclusion

We have reviewed the accompanying Half-year Financial Report of Reedy Lagoon Corporation Limited and its controlled entities (the "Group").

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Half-year Financial Report of the Group is not in accordance with the Corporations Act 2001, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the Half-year ended on that date; and
- Complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The Half-year Financial Report comprises:

- Consolidated statement of financial position as at 31 December 2022;
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity and Consolidated statement of cash flows for the Half-year ended on that date;
- Notes 1 to 11 comprising a summary of significant accounting policies and other explanatory information; and
- The Directors' Declaration.

The Group comprises Reedy Lagoon Corporation Limited (the Company) and the entities it controlled at the half year's end or from time to time during the half year.

Material Uncertainty Related to Going Concern

We draw attention to Note 2 in the financial report, which indicates that the Group incurred a net loss on operations of \$476,825 for the period ended 31 December 2022 which indicates the existence of a material uncertainty that may cast doubt over the group's ability to continue as a going concern. The Group had cash and cash equivalents of \$329,563 as at 31 December 2022 and the Directors believe that the Group has sufficient funds to meet all commitments as and when they fall due for at least 12 months other than discretionary expenditure.

Accordingly, the financial report has been prepared on a going concern basis. No adjustments have been made to the financial report relating to the recoverability and classification of the asset carrying amounts or the amount and classification of liabilities that might be necessary should the Group not continue as a going concern. Our opinion is not modified in respect of this matter.

Responsibilities of the Directors for the Half-year Financial Report

The Directors of the Company are responsible for:

- The preparation of the Half-year Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and Corporations Act 2001
- For such internal control as the Directors determine is necessary to enable the preparation of the Half-year Financial Report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Half-year Financial Report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Reedy Lagoon Corporation Limited and its controlled entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.
